PINK AUCTION PARTY

HOME IS TRANSFORMED INTO BEAUTIFUL BOWER OF DELICATE COLOR

With dozens and dozens of beautiful pink amaryllis plucked fresh from the garden, Mrs. Herman Paine of 109 South Maryland avenue succeeded in transforming her home into a beautiful bower of delicate color and fragrance Monday when she entertained most delightfully at luncheon and cards members of the Monday Auction Bridge Luncheon club.

The card tables were daintily set and marked for the occasion with cunning little place cards later used as tallies and when the delicious 1 o'clock meal was o'er, cards were brought forth and the auction was on.

Mrs. J. Herbert Smith received honors for highest score, her playmates for the afternoon having been Mrs. C. O. Pulliam, Mrs. Charles E. Shattuck, Mrs. R. E. Hewes, Mrs. O. E. Clemens, Mrs. Frank B. McKenney, Mrs. Willis M. Kimball, Mrs. D. H. Smith, Mrs. C. M. Goode, Mrs. Charles H. Woolsey, Miss Myrtle Pulliam and the gracious hostess.

IOWA PICNIC

Mr. John A. Morris of Glendale, a former Iowan, reports that the midsummer picnic of the Southern California Iowa Association on Saturday at Long Beach was a very pleasant affair. The picnic was held in beautiful Bixby park, which fronts on Ocean avenue.

The day was ideal and by noon the park was well filled with happy people, former residents of the Hawkeye state. All registered at county headquarters and met friends of former days. After dinner came the program, which consisted of five-minute speeches. All those who appeared on the program were former Iowans except Frank J. Blair, who is from the neighboring state of Illinois.

Judge Wilbur presided. Ex-Governor Boise, the only democratic governor Iowa has had since the Civil war, was one of the speakers. He was elected by the saloon element and the motto which appeared above his head on the platform while he spoke was noticeable. This was a quotation from Ex-Governor Manning of Iowa, "A schoolhouse on every hilltop and no saloon in the valley." The placards, "Vote California Dry," which appeared all over the park, were suggestive also.

NORTH GLENDALE

Mrs. O. E. Wright and children, Miss Olive and Master Edward, spent the week-end in Long Beach enjoying the Iowa picnic at Bixby park Saturday and the remainder of the time being spent with friends.

Mrs. Frank Silvius of 503 Park avenue, Tropico, was in North Glendale Monday looking after property interests.

Mr. and Mrs. O. S. Sampson, formerly of Melrose avenue, are happily domiciled in their new home at 1600 Ruth street, where they will be delighted to welcome their many friends.

Mrs. J. E. Eckles of 918 North Central avenue and little son, Master Gilbert, spent Sunday and Monday at Redondo and were guests of Mr. and Mrs. Frank Simmons while there.

Dr. Herbert C. King, formerly of 1600 Ruth street, has decided to establish a summer home at Seal Beach, having purchased a lot there and expects to build upon it at once. Seal Beach has become quite popular among Glendalians, several families having summer homes there and others expect to build next year.

Miss Lulu Lord of 1415 Burchett street returned home last Friday after spending a most delightful week with relatives in Sawtelle.

Mr. and Mrs. Howard P. Alston of 1652 Ruth street visited San Pedro Sunday, spending the day with Mr. and Mrs. Raphael Potter, old-time friends from New York state.

Mr. and Mrs. George Tyrrell of 1640 Ruth street entertained as their house guest Sunday Mr. Tyrrell's cousin, Miss Grace Wass of Idaho, who is spending the summer in the Southland.

HOME FROM MOTOR TRIP

Mr. and Mrs. John T. Crampton and daughter Grace of 1011 Chestnut street have returned after spending a most enjoyable week motoring through San Diego county and vicinity, visiting all the well-known places of interest. They had as their guest on the trip Mrs. M. E. Flynn of Los Angeles.

N. C. KELLEY FINED

HEAD OF CASA VERDUGO WATER COMPANY DEFENDANT IN SUIT

A case of much interest to people in Casa Verdugo was tried in Judge Melrose's court in Tropico Monday, when N. C. Kelley of 1117 Melrose avenue was the defendant at the trial, Mrs. Samson appearing against him.

The plaintiff charged that on Aug. 1st and again on Aug. 4th, Mr. Kelley came to her house on Melrose avenue to collect the water tax, she being one of the consumers of the Kelley Water Company. She claims that on the first occasion Mr. Kelley peeked into the window and in spite of her request that he not do so, he repeated the offense on the next visit. When she spoke to him about it again, the plaintiff declares he became abusive.

Monday Mrs. Samson caused Mr. Kelley's arrest and at the trial before Judge Melrose he was fined $10.

BOYS ARE WARNED

To the Editor of the Glendale News: As deputy game warden for Los Angeles county it becomes my duty to call your attention to the violation of the game laws of California on the part of some of the young boys of this city in shooting and killing mockingbirds, quail, black birds and orioles. Meadowlarks, doves and other birds have been reported as having been shot down in great numbers in the canyons near this city.

Several parties, residents of this city, have found dead birds in their back yards, shot by schoolboys with airguns.

The penalty for such violation of the game laws of California is $25 and imprisonment. By calling your attention to said violations, I sincerely hope you will publish this letter as a warning, and thus help prevent any further destruction of these beautiful and useful birds. Otherwise I will be compelled to report the same.

Very truly yours, Alfred Cookman, deputy fish and game warden of Los Angeles county.

CHAMBER OF COMMERCE

Regular monthly meeting Friday night, Aug. 14, at 8 o'clock, at the intermediate school. It is desired that all members be present, as there are two important questions coming up for discussion: A reduction of street car fare to L. A., making a fare of 10c one way and 15c round trip; also the dispensing with one phone in Glendale. Other neighboring towns are now paying for only one phone, and why can't Glendale do the same?

Now these two questions should interest .every citizen of Glendale Come out and help us do things. The advertising folders of Glendale that have been on the way so long have reached us and can be had Friday night. Come, everybody.

H. A. WILSON, Secy.

OPEN HOUSE FOR SENIORS

The 1914 graduating class of the Glendale Union high school was well represented last Friday evening when in view of the fact that Don Packer was holding "open house" for the entire class, about forty graduates gathered at his home, corner Columbus avenue and Riverdale drive, to make merry and spend the evening in music, laughter, dancing and song.

The decorations, which were effective, but not profuse, together with the dainty refreshments served, boasted of the class colors, green and white, and added greatly to the school day spirit of the party.

Everyone present enjoyed a jolly good time and were most generous with good wishes extended to their host and Mr. Alfred Knight, who together left today for Berkeley, where they will spend the coming year in study.

INTERESTED IN PRIMARIES

Glendale women are keenly interested in matters pertaining to preliminary ballots, giving special consideration to records of candidates who aspire to the various offices. To this end they have planned a series of precinct meetings, one of which opened at 2:30 this afternoon in the home of Mrs. E. D. Goode, 329 Cedar street. There will be another meeting at 2:30 o'clock tomorrow afternoon in the home of Dr. Moore, 1614 West Sixth street.

Owing to the large number of candidates it will be impossible to have them speak at these meetings, but consideration will be given to the ballot as proposed for the primary.

All women interested are invited to attend these meetings.

TRUSTEES CONSIDERING GLENDALE'S PROBLEMS

SUPREME COURT GIVES DECISION IN METER CASE—ELIZABETH KENYON ASKS FLOOD DAMAGES — CONSIDER PLANTING PEPPER TREES—TELEPHONE CONSOLIDATION REFERRED TO ATTORNEY—TUPPER & ROBINSON BEFORE BOARD—KINSER APPOINTED DEPUTY MARSHAL — ORDINANCE ISSUING WATER BONDS IS PASSED

The board of trustees of the city of Glendale held their regular meeting Monday evening in the city hall. Present: O. A. Lane, president of the board, and Trustees Chas. Grist, J. S. Thompson, A. W. Tower and Geo. Williams. Also present: T. W. Watson, city manager; J. C. Sherer, city clerk; W. E. Evans, city attorney; H. B. Lynch, electric light manager; Edw. M. Lynch, city engineer.

After the reading of the minutes of the preceding meeting, communications were ordered read.

A communication from City Attorney Evans was read explaining concerning the opinion handed down by the supreme court in reference to water consumers paying for meters.

The judge's opinion and the city attorney's comments will be published in tomorrow's issue.

On motion the meter case was referred to the city attorney, who will report back to the board of trustees at a near future date.

The following communication as prepared by Mrs. Frank Grosvenor, chairman of the civic committee of the Tuesday Afternoon Club, was read:

In accordance with the general plan of the county for beautification for the 1915 world's fair, we recommend that pepper trees be planted in the vacant parkways on Central avenue, and that a suitable variety of trees be planted on First street between Central avenue and Verdugo road, and on Verdugo road from Oakwood avenue south of the city limits, and on Colorado boulevard from San Fernando road to the city limits on the east.

We would further recommend that a fund be allowed for the purchase and planting of said trees and for the care and watering of said trees by the city of Glendale.

The communication stated that the above had been endorsed by the civic committee of the Tuesday Afternoon club, all members of the executive board of the Tuesday Afternoon club, chamber of commerce and the Glendale City Beautiful association.

On motion the communication was received and referred to the proper committee.

Attorney G. H. Shaw in a communication in behalf of Elizabeth Kenyon asked what the city trustees intended to do about paying flood damages to his client. On motion the board refused to pay the damages asked.

A communication from the Merchants' Association in reference to consolidation of the telephone systems and objecting to the present method of requiring new subscribers to pay an installation fee of $5, was read and referred to City Attorney Evans.

Messrs. Tupper and Robinson appeared before the board asking that certain improvements be made on a proposed street extending east from Verdugo road and between Rock Glen avenue and Ninth street. The question was referred to the city engineer, Edw. Lynch.

On motion the locating of the water distributing pipes on Opechee way was referred to H. B. Lynch instead of Edw. Lynch.

On motion Wm. Kinser was appointed deputy marshal. Glendale now has ten deputy marshals.

City Manager T. W. Watson reported that the gas rate is now 68 cents, but as Los Angeles is now applying for a 40-cent rate and if such rate is allowed by the court, the patrons of the gas company are to get a rebate of extra money paid. Glendale should have an agreement with the company that her citizens will also get the rebate when the rate is lowered. The question was referred to the city attorney.

The city attorney was instructed to employ bond inspectors. The city clerk was instructed to prepare a transcript of the bond election proceedings.

The ordinance for issuing water bonds was taken up for a third reading and final passage. A complete notice will be found on page four of this issue.

A resolution of intention for the improvement of Myrtle street was adopted. The resolution appears on page 4.

Several ordinances were taken up for first and second readings, among them being a building ordinance.

INDORSE HOPKINS

Ed W. Hopkins, county assessor, candidate for re-election, is receiving many letters of indorsement from all classes of taxpayers throughout the city and county.

Mr. Hopkins is especially commended for his fairness in assessment values, for his courteous treatment of the public and for his close attention to all the affairs of his office. While the county provides him with a private office, its doors are never closed, and any taxpayer desiring a personal interview is courteously received and is at once given attention.

It is certain that Mr. Hopkins has "made good" as a public official, and that he will be re-elected at the primaries.

MRS. MEEKER CAMPAIGNING

Mrs. Ella F. Meeker has just returned from a visit among the smaller cities of this vicinity, where she has been meeting the people and speaking in the interest of her candidacy for the general assembly.

Mrs. Meeker finds much encouragement wherever she goes and the prejudice against a woman candidate, which she expected to meet during the campaign, is almost entirely lacking.

PICNIC AT ECHO PARK

A union picnic composed of the Woman's Missionary Society, Ladies' Aid and Women's Foreign Missionary Society of the First M. E. church will be held at Echo park, Los Angeles, Friday, August 14th. All the ladies of the church are cordially invited and ladies will please remember that with their well-filled baskets they are also requested to bring napkin, fork, spoon, cup and plate.

C. W. B. M. MEETS THURSDAY

The Christian Woman's Board of Missions of the Christian church will hold their regular monthly meeting at the home of Mrs. Sarah Mosher, 319 Central Ave., Thursday afternoon at half past two.

The only way to have a friend is to be one.

SAFETY IN THE STREETS

In spite of all that is said about careful driving of automobiles, every few days one reads of children and sometimes older people who are run over in the streets. In large cities heavy truck wagons are also a cause of much fatal injury.

Various agencies are at work to compel drivers to maintain due vigilance. But laws and regulations are difficult to enforce. There are all kinds of human types at the steering wheel. Officers of the law do not always want to see too much.

The street is not the safe place it used to be. Before motors became numerous, the public highway was a kind of common playground. Drivers of horses waited tolerantly while the kidlets reluctantly suspended their ball game.

The hoofs of an approaching horse gave warning long before a carriage was near. Now the motor slips up from behind with swift and deadly speed. While you are looking to the right, the machine has dodged out from some side street on the left.

Every child ought to be carefully warned of the dangers of the street. On streets where there is any considerable traffic, he should never cross without looking both ways.

Many accidents could be saved if people were not in such a hurry. Some persons seem to dislike to show reasonable caution. It takes but a few seconds for a motor to pass, while a broken leg would mean a month on your back.

The manner in which some motorists expect everyone to make way for them is irritating. Still human nature is as it is. One must adapt oneself to modern conditions.

If the pedestrian gets too wrathy over the arrogance of his automobiling friends, he may very reasonably reflect that it is much easier for him to stop than it is to bring a heavy machine to a standstill. That, however, does not excuse the motorist, who should never run at a speed which he cannot check in time to prevent injury.

T. W. Preston and family of 725 Adams street returned Monday from a four days' stay at Balboa Beach. Mr. Preston reports that the weather is very cool at the beach.

AUTOMOBILE ACCIDENT

OTHER ITEMS OF INTEREST REPORTED BY OUR TROPICO CORRESPONDENT

An automobile accident in which four persons were badly injured occurred at the intersection of Central avenue and Tenth street Monday evening about 8 o'clock. Mr. George Marek of 213 West Tenth street was going west on Tenth street. In the car with Mr. Marek were his mother-in-law, Mrs. Elizabeth Cook, and sister-in-law, Miss Lucile Cook, the latter but six years of age.

Coming down Central avenue in an Overland, with the name "Betsey" printed in large gold letters on either foredoor, were E. L. Miller at the steering wheel, John Fanset and M. Berman. Miller was enroute to his home, 121 South Brand boulevard, Tropico. Fanset, who resides at 133 North Louise street, Glendale, was accompanying Mr. Miller to the latter's home, where he was to be a dinner guest. Berman, a tailor residing at 302 Brand boulevard, Glendale, was coming to Tropico on business.

Mr. Marek in every possible way sought to avoid the collision, which he knew was imminent. Miller set the brake, but owing to the closeness of the two cars, was unable to stop his Overland until the crash came.

The Flanders driven by Marek was overturned and he and Mrs. Cook were thrown out. Mrs. Cook was hurled to the curb, sustaining a badly wrenched back and bruised chest. It is feared that she has several broken ribs, as when found she was lying across the cement curb.

The full extent of Mr. Marek's injuries have not been ascertained, but he is a badly injured and bruised man. Little Lucile Cook was found lying under the overturned Flanders and has received some frightful cuts and lacerations of the perineum.

John Fanset, who has scarcely recovered from an automobile accident near San Diego last May, where he figured as one of the most seriously injured victims, having both jaws broken, ribs shattered and many other injuries, was thrown under the Overland, sustaining a badly lacerated face and head, the end of his nose being so badly torn that it hung down on his upper lip. His left arm was broken just above the elbow, and he received many other injuries.

Miller and Berman came out of the accident with a few scratches. The impact of the collision was heard for blocks around and neighbors immediately rushed to the scene of the accident.

W. M. Crawford was among the first to render assistance. Seeing Mrs. Cook lying across the curbing, he picked her up and carried her into the residence of Mr. and Mrs. W. A. Hough, which was thrown open to the injured victims of the accident. Mr. Crawford then succeeded in extracting Mr. Fanset and removed him to the Hough residence.

Other willing hands removed Mr. Marek to a comfortable resting place in the Hough home. Then Crawford and others righted Marek's car and found little Lucile lying there badly injured.

Physicians from Tropico and Glendale were soon at the scene of suffering and rendered all the possible aid. Dr. R. E. Chase removed Fanset to Thornycroft farm, where his injuries were attended. Dr. A. W. Teel of North Maryland avenue, Glendale, was the first physician to arrive and to administer restoratives. Later Mr. Marek, Mrs. Cook and Lucile Cook were carried to the Marek residence, just around the corner from the Hough home.

Mrs. Jennie Boring, Mrs. W. A. Hough, Mrs. W. W. Hamilton, Mrs. W. M. Crawford, Mrs. John Hobbs and other neighbors remained with the injured ones, rendering every assistance possible.

Mrs. Marek, wife of George Marek, left for Clifton-by-the-Sea Sunday morning for a pleasant sojourn at the seashore. A messenger was sent to Mrs. Marek notifying her of the accident that injured three of her loved ones.

W. W. Hamilton met Mrs. Marek at the midnight street car from Los Angeles and took her to her home, which was so suddenly saddened.

Mrs. Marek is almost prostrated by the accident. Mrs. Cook had shipped her household goods to her ranch home at Palmdale and with her little daughter had intended leaving for the ranch the latter part of the week.

The monthly report of Charles H. Cushing, librarian of the Tropico public library, shows an increase in the number of card holders, circulation and general condition of the library. Total number of volumes, 1864; circulated during the month of July, 1459; number of card holders, 934. M. J. Hibbert, chairman of the library board, presented a year's subscription to the Literary Digest and fourteen volumes to the library.

Clement of 1321 North Pacific avenue, North Glendale, to avoid some of the summer heat of the San Joaquin valley, has returned to Lindsay, accompanied by Miss Alpha Clement, daughter of Mr. and Mrs. A. B. Clement, and from there they join a party who are going to Jordon Hot Springs in the Sierra Nevada mountains for a month's outing, hunting and fishing. They will be three days by pack train. After returning Miss Alpha will stay indefinitely with relatives in different places in Tulare county before returning to her home in beautiful North Glendale.

TO ATTEND SERVICES IN BODY

The Glendale Commandry, No. 53, Knights Templar, will attend divine services at St. Mark's Episcopal church, of which the Rev. C. Irving Mills, D. D., the eminent prelate of the Commandry, is rector, on Sunday next.

The local Knights will assemble, in uniform, at the temple, and march in a body to the St. Mark's church, corner Fifth and Louise streets, where the Rev. Owen Jones, a visiting Sir Knight from Baker, Oregon, will deliver the sermon at the 11 a. m. service.

There will also be special music by a large and well-drilled vested choir.

Mrs. Robert H. Morris of 336 Everett street and Mrs. Elizabeth Brown of 404 West Third street were luncheon guests Monday of Mrs. Richard H. Wells, 1504 West Broadway.

As the guests of B. E. Murdock and Arthur Grey of Los Angeles, Mr. and Mrs. Edward H. Weston and young sons motored to Clifton-by-the Sea Sunday, where a delightful day was enjoyed. Returning to Tropico in the early evening, Mr. and Mrs. Weston entertained at dinner complimentary to Mr. Murdock and Mr. Grey at their home on Park avenue.

Mr. and Mrs. C. C. Chandler, the former who was a prominent Knight Templar of Chicago during his residence there, were the guests of Mr. and Mrs. Charles L. Peckham at the recent banquet and card party given at Masonic hall by the local Knights.

Mrs. Delia Hapgood, accompanied by Mrs. George Peck, Mrs. Will W. Dutton, Misses Amie Miller, Jessie and Dorothy Dutton, left for Huntington Beach Monday morning, where they will spend two weeks.

After a delightful six weeks' vacation trip enjoyed in New York and other eastern cities, James Scott of South Glendale avenue returned home Monday.

TIP TRUST BUSTERS

The tipping trust, which not long ago received a solar plexus jolt from the state railroad commission aboard the Pullman sleepers, is now facing a new menace in the bay city hotels. The allied bell hops are viewing with great alarm the alleged preparations of a mysterious eastern syndicate to invade the corridors and elevators of the big caravansaries with an army of girls, who are said to be ready to assume the role of tip trust busters. These fair damsels, it is said, have been engaged at cut rates to supplant the traditional buttons, under an agreement that they shall turn over all their tips to their employers. According to the perturbed bell hops, it is the plan of the interlopers to establish tip cash drawers in every hotel and cafe, where the girls will deposit every honorarium they receive. The employers, it is reported, are willing to depend entirely upon the tips for their remuneration. If the rumor is to be credited, the petticoat tip trust busters will make their advent in San Francisco about the time the 1915 throngs begin to flock hither for the exposition.—California Outlook.

Who is the first man to be laid off and the last man to be taken on by a business firm? The man who drinks.

The man who remains away from church and thinks he will get to heaven on his good deeds, is walking up the stairway instead of taking the elevator.

WHY JOHN C. CLINE SHOULD BE SHERIFF

He has lived in Los Angeles 45 years and everybody is familiar with his clean public record.

In 1894 as sheriff he handled the great American Railway Union strike without the aid of the militia, by appointing special deputies from the ranks of labor, to prevent disorder and the destruction of property. Thus in his wisdom demonstrating that men in any walk of life, put upon their honor, will observe their trust.

DOG DAYS HERE

The coming of "dog-days," especially if the season happens to bring with it one or more prolonged heated periods, attracts the attention of the public generally much more to the danger from rabies than do definite reports of the spread of the disease at other seasons of the year, which ought to arouse solicitude.

Boards of aldermen, city councils and town officials of other kinds wake up from the most absolute lethargy with regard to the disease at this time, and especially in the smaller towns and country places, pass ordinances and revive regulations requiring dogs to be muzzled while on the streets.

This is all the more amusing because the term "dog-days" has no reference to dogs, but is borrowed from the Romans, who called Sirius, the brightest of the fixed stars, the dog-star. At one time during the Roman epoch, the rising of this star coincided with the rising of the sun in the latter part of July. The twenty days preceding and the twenty days following this conjunction were for the Romans dies canis, the days of the dog, or the dog-star. Rome had its fiercest heat usually during this period, therefore the time was dreaded and came to have the reputation of an unhealthy season, though not with any special reference to the dogs of Rome.

In this day the popular meaning of the "dog-days" is that dogs are especially likely to go mad at this time. The consequence is that, while the animals are made uncomfortable by nose muzzling, their discomfort is greatly added to by the foolish dread which keeps people from giving them water or caring for them properly. Rabies may occur at any season of the year. Actual statistics show greater frequency of the disease during the winter than during the summer months. It is most common in the early spring, and March and April would be a much better time to select for "dog-days" in the popular sense than the weeks of July and August that have by misapprehension come to be looked on as the special period of danger.

The recent Seattle epidemic shows how much of real danger there is from this disease when it gains a foothold because of neglect of proper precautions. Surgeon Lloyd of the public health service recently reported that up to the beginning of June there had been 361 cases of canine rabies in the city of Seattle since the outbreak of the disease began in September, 1913. Up to this the disease had not been observed in Seattle. This is what may occur practically anywhere in this county if the infrequency of the disease begets overconfidence and neglect, says the American Medical Journal. "Although we disapprove the infliction of unnecessary suffering on animals, the popular dread of dogs during the misunderstood dog-days affords to physicians an educational opportunity too good to be lost. This is the time when they may profitably emphasize the need for special precautions with regard to the spread of rabies. The problem of the control of rabies is mainly the care of stray animals and of those that have no proper owner, but live more or less on the bounty of the community. Careful registration of animals and the destruction of those for which no one would assume responsibility to the extent of paying a yearly license would greatly limit the disease. The problem is simpler in England, but the success in practically obliterating the disease for the last twenty years in that country shows what can be accomplished. We need intelligent, persistent scientific interest to prevent the spread of the disease and not the annual attack of hysteria that inflicts cruelty without accomplishing any good purpose.

GLENDALE HEIGHTS

Miss Eva Bayly of Los Angeles and Miss Edith Gibbs, leaders of the Girls' Athletic Club of the Y. W. C. A., were hostesses to a picnic supper on Saturday evening at the home of Miss Gibbs on Wabasso way. The club was originated by Misses Bayly and Gibbs for the amusement and betterment of the cash girls of Los Angeles. Twenty-five were invited to the picnic, but only fifteen were able to attend. Arriving about 6 o'clock, they were soon bidden to a delicious home-cooked supper spread on rustic tables under the trees, and served a la cafeteria. Peaches and watermelons were had in abundance. Games were played on the lawn till dark, then an impromptu dance was indulged in indoors till the whistle of the 9 o'clock car warned the young guests it was time to leave for the city. Mrs. Gibbs, Mr. Vaughn Gibbs, Mr. Lewis, Miss Morris, Miss Bayly and Mrs. Owen were among the house guests. Messrs. Gibbs and Lewis and Miss Gibbs accompanied the girls to the Glendale station.

TELEPHONE PROBLEM IN HOLLYWOOD

The movement in Hollywood to eliminate one of the telephone systems from this section is a commendable one. With the increased phone rate just put into effect, the business houses face an expense that has grown altogether too burdensome and one which they must naturally seek to relieve by eliminating one of the phones. By proper co-operation of the Hollywood people one phone could be practically eliminated from this section, but whether it should be the Home or the Sunset that should go is the perplexing problem. The Home phone has by far the larger number of subscribers among the residents, while the service afforded by the Sunset seems to be preferable to many who are now using both phones. The Hollywood board of trade has taken up the consideration of this matter and will endeavor to work out a solution. If the residents of Hollywood have suggestions to offer, the secretary of the board will be glad to receive them.—Hollywood Citizen.

Theoretically, Europe holds to the principle that right makes might. But practically, it is adhering to the primitive rule that might makes right.

Uruguay is moving toward equal suffrage, it appears, and it should be said that this republic has already gone farther than most of her South American sisters in recognizing the equality of women, granting them a full measure of opportunity as writers, public speakers and workers in the professions and trades. Granting them the vote is the next natural step.
